

Dear Ms. Asquith,

Re: Proposed Rule Change - 2380. Leverage Limitations

I strongly oppose the proposed rule change.

I am currently using FOREX Trading as my semi-retirement vehicle. It is allowing me to make enough money to retire with some dignity. It is all I have left.

All my other assets have been so diminished in the last year, I fear I will be unable to survive such a devastating blow to my financial future if you follow through with Proposed Rule Change - 2380 Leverage Limitations.

I sincerely hope you will reconsider Passing such a destructive Rule.

Thank you for your time.

Sincerely,

William E Weaver
